### **Community meeting planned to discuss pesticide use in the Triangle Lake/Highway 36 area**

**WHAT:** The Pesticide Analytical Response Center (PARC) is hosting a community meeting to discuss how state and federal agencies are responding to community concerns about use of pesticides in the Highway 36/Triangle Lake area in the Lane County.

**WHY:** Community members have asked PARC for information about pesticide use and potential health issues.

**WHO:** The meeting is open to the public.

**WHEN:** Thursday, July 14, 6:30 – 9 p.m.

**WHERE:** Triangle Grange, 20264 Blachly Grange Road, Ore.

**DETAILS:** PARC's mission is mobilize expertise necessary for timely and accurate investigation of pesticide incidents and analyses of associated samples.
